GLOBAL GREEN ANNOUNCES EXPANSION AGREEMENT FOR THE UNITED STATES

May 13, 2013 - Global Green Matrix Corporation (“GGX” or the “Company”) – TSX Venture: Global Green today announced that it has signed an addendum to its Memorandum of Understanding dated February 23, 2012 whereby GGX has been given the right to own and operate the water heating technology developed and owned by Intelligent Energy LLC., **in all areas of the United States of America.**

GGX agrees to protect the patent pending technology and to use its best efforts to maximize the use of the water heating units and technology in the defined area. It also agrees to pay a royalty based on the use of each water heating unit equal to 5% of the gross revenue earned by each unit. In North Dakota, GGX agrees to pay an additional 5% Royalty to Intelligent Energy LLC.

The original agreement was entered into February 23, 2012 (the “Agreement”) by 1503826 Alberta Ltd. carrying on business as “Intercept Rentals” and Energy Heating, LLC. together with Energy Heating Canada Inc. Under the Agreement Intercept Rentals was given the exclusive use of and right to operate the water heating units/technology in Canada **and in certain areas of the United States of America as may be agreed upon by the parties.**

The interest of 1503826 Alberta Ltd. under the Agreement has since been assigned to Global Green Matrix Corp. while the interest of Energy Heating, LLC and Energy Heating Canada Inc. has been assigned to Intelligent Energy LLC.

The management and Board of the Company has concluded there is huge potential and opportunity to expand its operations into the USA. There are many areas under exploration for oil and gas including the states of California, Colorado , Montana, Oklahoma, Pennsylvania, Texas, Utah, Wyoming and particularly North Dakota.

Jim Cooper of Intelligent Energy, LLC states: “We have been working with Global Green and Intercept Rentals in Canada since March of 2012 and have been gratified as the technology gained market acceptance. We look forward to continuing our mutually beneficial relationship by supporting the Company as it expands into the United States.”

Global Green Matrix Corp

About Intelligent Energy, LLC

Intelligent Energy, LLC. is a Limited Liability Corporation based in Idaho. It is the owner of certain intellectual property with several patents pending, that utilizes proprietary water heating methods. It has given exclusive use of and right to operate the water heating units/technology in Canada and the right to operate the water heating units in all of the United States to Global Green Matrix Corp.

About Global Green Matrix Corp.

(www.globalgreenmatrix.com) Global Green Matrix Corp is an Oilfield Services Firm primarily focused on servicing oil and gas companies and their fracking operations. Through it's wholly owned subsidiary, Intercept Rentals, the Company currently owns and operates one truck and one trailer mounted water-heating unit, called "Big Heat." Global Green rents these units to various oil and gas companies that require heated water for their fracking operations. The Company has plans to add an additional four heating units within the next few months.

ABOUT INTERCEPT RENTALS:

(www.interceptrentals.com) Intercept Rentals is a registered trade name of 1503866 Alberta Ltd., a wholly owned subsidiary of Global Green Matrix Corp. The subsidiary company has obtained the exclusive right to own and operate a new patent pending technology that provides a highly efficient and safe method of heating water used by oil companies in their fracking operations.
